

CYNTHIA-REEVES

# PROJECT SPACE

on the campus of MASS MoCA, North Adams, MA

# A-LIVE SPACE

CYNTHIA-REEVES project space provides a dynamic exchange between art-making and the community. Dialog and interaction between visitors and artists is a hallmark of this new initiative, one that the gallery sees as a natural extension of its pioneering programming, site-based installations, volumetric artwork, and public art programming.

PROJECT BASED

innovative materials and methodologies

SITE SPECIFIC

creative use of space and volume

ART MAKING

collaborative and integrative initiatives

ART EXHIBITION

engaging with the community
